Dr. Joshua Lederberg

New York, New York 10021

Dear Dr. Lederberg:

Dr. Goddard has received the copy of Dr. Frenster's paper entitled "Selective Gene De-repression by De-repressor RNA." Since there was no cover letter of explanation, he is somewhat mystified as to what action you would like him to take. He wonders if this should be construed as a suggestion of Dr. Frenster as a candidate for the J. Murray Luck Prize. If so, a curriculum vitae and selected bibliography have been requested as necessary information for the committee's consideration. Perhaps you can authorize someone to gather such background information for the nomination.

I know Dr. Goddard will welcome clarification of this matter. We will be pleased to take appropriate action as soon as word is received from you.

Sincerely,

A handwritten signature in dark ink, appearing to read "Victoria B. Crawford".

Home Secretary
